BRIEF ABSTRACT OF LETTER.

Forwards for orders a representation from Mr. E. S. Krishnaswami Iyer praying for an increase of his pay to Rs 1000 with effect from June 1914 and states that it is doubtful if the officer's performance in England are such as to deserve any consideration in the shape of special emoluments.

NOTES AND ORDERS.

Mr. Krishnaswami Iyer bases his representation for increase of pay on a promise or hope stated to have been given to him by the then Senior Surgeon and Commandant. No such promise was ~~received~~ mentioned in his letter of 11. 7. 1912 from which it will be seen that

Dr. Krishnaswami Iyer's representation for increase of emoluments.

Mr. Krishnaswami Iyer asks for the grant of a pay of at least Rs.1,000 with effect from June 1914 and also incidentally tries to justify his deviations from the instructions issued by Government in connection with his deputation. On the latter point Government have already passed orders to the effect that the explanation furnished by him is not satisfactory and Government ordered in October 1915 that the question of increasing his emoluments as Medical Officer in charge of the Victoira Hospital be taken up for consideration in September 1916.

2. Subsequent to that order, Mr. Krishnaswami Iyer was transferred to the charge of the General Hospital, Mysore and he took charge of the same on the 5th April 1916. On a further representation made by him in connection with this transfer to the effect that a portion of his local allowance of Rs.250 might be converted into pay, it was ordered that the question of increasing his emoluments be taken up for consideration at the end of six months from the date of his assuming the new charge, a special report on the officer's work during that period being obtained,

18) The report received from the Senior Surgeon deals with only the surgical work performed by - - Mr. Krishnaswamy Iyer. Surgery is however, only - one branch of medicine and a doctor who may not be highly skilled in this branch may make his mark in other branches. From all accounts it is understood that Mr. Krishnaswamy Iyer is no mean physician; but the Senior Surgeon's report is silent as regards his capacity as such nor is any-thing said about his administrative ability in which he does not seem to be lacking. For the charge of a big - hospital like that which is nearing completion in Mysore, a whole-time surgeon is needed and he should

be given a pay which is proportionate to his status and responsibility and which will make him work contentedly. It may therefore be necessary to increase the number of surgeons by one and divide them into four classes instead of three, as at present, the pay of the Surgeon, 1st class, being fixed at Rs.800/- and the number in that class 1. The present 1st, 2nd and 3rd classes will then be 2nd, 3rd and 4th classes. The number of Surgeons in those classes and their pay may continue to be as at present. There is now a big gap between the pay of a Surgeon and that of the Senior Surgeon and if we have a Surgeon of the 1st class on Rs.800/- as proposed above, the gap will, to some extent, be reduced. An addition to the cadre of Surgeons will also go to relieve slightly the stagnation of Assistant Surgeons, 1st class. Among the latter, there are officers who have been drawing the same pay for more than eleven years and have had no promotion.

19) If the above proposal is sanctioned, Mr.Krishnaswamy Iyer may be appointed as Surgeon, 1st class, on Rs.800/-.

22) In my respectful opinion, to meet a personal case it is not desirable to reorganize a cadre or sanction a highly paid appointment.

23) The charges of the Victoria Hospital Surgeon & of the General Hospital Surgeon should remain Surgeons' charges with heavy charge allowances as at present for purposes of administrative convenience. A consolidated high rate of pay is not desirable.

24) It cannot be said that Rs 600 + 250 is inadequate for the work Dr K.I. is doing. If Govt are disposed to shew any personal consideration a part of the local allowance may be converted into personal as a very special case. This is practically what Dr K.I wanted sometime back.

Final Note by the Second Member of Council.

Subject:—

These papers relate to the representation made by Mr.E.S. Krishnaswami Iyer for the increase of his pay to Rs.1,000 with effect from the 1st June 1916.

Mr.Krishnaswami Iyer is now getting Rs.600 as a 1st class Surgeon and an allowance of Rs.250 per mensem as Medical officer in charge of the Mysore General Hospital. The subsidiary point raised namely, the justification or otherwise for having deviated from Government instructions while this officer was on leave has already been disposed of in the Government order dated the 15th October 1915, recording the view that the explanation was not satisfactory. On the last occasion when the matter of his emoluments came up again, it was ordered that the question of increasing the same may be taken into consideration at the end of six months from the date of the assumption of the charge of the Mysore Hospital, a special report on the officer's work during the period being obtained from the Senior Surgeon.

On receipt of the special report, the Extraordinary Member recorded the opinion that as there is a big gap between the pay of the Surgeon and that of the Senior Surgeon, it is necessary to have a first class Surgeon on Rs.800 and if this proposal is sanctioned, Mr.Krishnaswami Iyer may be appointed Surgeon of the first class on Rs.800.

The Financial Secretary considers that it is undesirable to reorganize the cadre or to sanction a highly paid appointment to meet a personal case and that if any concession is to be

shown, a part of the local allowance in this case may be converted into a personal allowance as a very special case.

*Page 9 of this note.

The matter was considered in Council and the Council resolved that Rs.200 out of the local allowance of Rs.250 may be treated as personal allowance in the case of Mr.Krishnaswami Iyer.

A note has been made regarding the suggestion for a general re-organization of the higher ranks of the Medical Service which appears to be necessary. Pending that re-organization, the proposal of the Council appears to me the best solution under the circumstances and may be approved.

Sir,

I have the honor to forward herewith, for the orders of Government, a representation from Mr.E.S.Krishnaswami Iyer for the increase of his pay to Rs.1,000 with effect from June 1914, for reasons stated therein.

2. There are no records in this office to show that any "promise of preferment or higher emoluments"had ever been made to induce Mr.Krishnaswami Iyer to undertake a trip to England. Mr.Krishnaswami Iyer when asked to quote the reference has himself admitted that there are no official records, but hopes had been held out by the then Senior Surgeon and the then Councillor in charge of the Medical Portfolio.

3. My views regarding the way in which the officer fulfilled the purpose of his deputation have already been recorded by Government in their order No.3177-Med.35-14-25, dated 28th October 1915. It is doubtful if Mr.Krishnaswami Iyer's performances in England are such as would deserve any consideration in the shape of special emoluments.

I have the honor to be,

Forwarding for orders of Government, a representation from Mr. E.S. Krishnaswami Iyer, praying for an increase of pay.

Exc. to med. 133-15-1

Letter No. 804 dated 22nd May 1916 from Mr. E. S. Krishnasawmy Iyer, Medical Officer, General Hospital, Mysore, to the Senior Surgeon, Mysore Government.

I have the honor to submit for favourable reconsideration the following representation of my claims for increased pay.

With promises of preferment and higher emoluments I was induced to apply to Government for a deputation to England for post graduate studies. I undertook the deputation willingly though it entailed financial loss and social and other disabilities in the full hope that I will be suitably rewarded on my return.

In my application for deputation I submitted that I would spend my time in post-graduate studies generally and devote special attention to Malaria and Tubercle. Government Proceedings No. 2386-7/Med. 22-11-12 dated 19th September 12 sanctioned the deputation. The Secretary to the Government in his letter No. 2388/22-11-12 of 19th September 1912 suggested that I might attend the London School of Tropical Medicine and obtain the diploma of D.S.M. & H.

This instruction was issued under a misapprehension. The London School does not grant any diploma at all. Diplomas in Tropical Medicine are granted in London only by the Conjoint Board - an examining body entirely unconnected with the London School and with a syllabus of studies of its own. The subjects for the diploma examination are not all taught in the London School and so I found it impossible to pass the examination. Under the circumstances I submit that I should not be considered as disobeying the orders of Government or deviating from the programme of studies prescribed under a misapprehension in the above Government Order.

With regards the study of Tuberculosis I was ordered to attend the dispensary of Dr. C. Wilkinson for three months and a Sanitorium for a similar period. The private

dispensary

dispensary of Dr. C. Wilkinson is a small out-patient institution and the system of treatment is not generally approved by the medical faculty. Professor Hewlett and Pro. Simpson of the London University whom I consulted on the subject had no hesitation in recommending me to attend the Brompton Hospital for consumption and diseases of the chest. Their opinion was that I would be wasting my time if I should attend the Dr. C. Wilkinson's dispensary. So I attended the Brompton Hospital and the Sanitaria attached to it and subsequently the course of lectures etc., in Royal Sanitary Institute.

The rest of my time in England except for two weeks in the long summer vacation I spent in the Clinics of the West London General Hospital, North Western Fever Hospital and the Hospital for Nervous diseases in Queen's Square. Notwithstanding all my strenuous studies as fully detailed in my former letter my explanation is characterised as unsatisfactory and an unmerited slur has been cast on my exertions.

I could not well have sent in a representation and waited for fresh instructions about the courses of my studies without wasting at least two months of my time. So I made the best use of my time in England.

On my return from the deputation I fully expected the fulfilment of the promises held out to me and the grant of a pay of at least Rs 1000/-.

I request you therefore to kindly reconsider my case and recommend me for a pay of at least Rs 1000/- from June 1914.

Office of Senior Surgeon, Mysore Govt.,

D. O. No. C. 6.

Dated, Bangalore, 3-10-1916.

Dear Sir,

Your D.O.No.C.S.200, dated camp Mysore, 29th September 1916.

Mr. E. S. Krishnaswami Iyer assumed charge of the General Hospital, Mysore, on the 5th April 1916. From that date to the end of September 1916, 184 major operations were performed in that institution. Of these 94 were special operations on the eye, which were performed by Mr. B.K.Narayana Rao, and the remaining 90 were general operations. Of these latter, 53 were done by Mr.S. Subba Rao, Assistant Surgeon and Resident Medical Officer and 14 by Mr.E.S.Krishnaswami Iyer, the rest(23) being performed by the other Assistant and Sub Assistant Surgeons attached to the Hospital.

It is the nature of the operations performed that marks out one surgeon from another and judging by the nature of operations performed by Mr.Krishnaswami Iyer, his work does not, in my opinion, deserve special mention.

In this connection I may add that when Mr.Md. Usmon held charge of the General Hospital in addition to his duties as District Medical Officer, Mysore, in accordance with G. O. No.9177-8-Med.29-14-26, dated 21 May 1915, he performed 87 operations during the period of 10 months from June 1915 to end of March 1916, out of a total of 238.

As regards the Vani Vilas Hospital, Mr.Krishnaswami Iyer, as Superintendent, has not done any operative work. The other features of the work connected with the medical institutions does not call for special remarks.

Yours sincerely,
